

Project Brief – Blog Application Creation

You are to create the Blog application for the “Creative Thinkers” group. The Creative Thinkers group is wanting to demonstrate through blogging how it works. They would like the following in their Blog Application

The ability write blog posts, these can either have comments or block the ability to comment. The blog post page will have the ability to upload a picture for that post. The blog posts will be preformatted to show the picture in the header area of the post – not the website header.

An Archive page showing a picture and the title of the blog post as well as the date it was written. These are to shown in the latest blog post at the top of the page.

As only authorised Creative Thinkers will be able to write blog posts so there needs to be some way for them to create accounts, be authorised, and then login. There will be several roles that need to be used as not every Creative Thinker will be a “super Admin”

The application design is to be based on the RE-Blog exercise.

The following are artefacts for you:

- Social Icons: Facebook and Twitter
- Menu: hamburger icon with word Menu when closed
 - Shows links to Home, Blog Archive, About, Contact with a close icon with word Menu when open. Links are to have a hover state where there is a left border and text colour in the main site colour.
- Background image in fixed area is to reflect the theme of “Creative Thinking”, Design.
- You are being given 4 site colour ways to choose from.

Background colour:

| Site Choice 1 | Site Choice 2 | Site Choice 3 | Site Choice 4 |
|--------------------|------------------|-----------------|------------------|
| rgb(224, 114, 125) | rgb(157,159,148) | rgb(41, 59, 77) | rgb(143,153,201) |

Font family is based in Sans-Serif Ultra-light version. Paragraph font-size is: 1.375em

| P Choice 1 | P Choice 3 | P Choice 3 | P Choice 4 |
|------------------|------------------|------------------|------------------|
| rgb(255,254,242) | rgb(255,254,242) | rgb(255,254,242) | rgb(255,254,242) |

Headlines - Font family is based in Sans-Serif Ultra-light version Font-size: 3.125em or equivalent for h1, Font-size: 2.5em or equivalent for h2 and Font-size: 1.875em or equivalent for h3

| Heading Choice 1 | Heading Choice 2 | Heading Choice 3 | Heading Choice 4 |
|------------------|------------------|------------------|------------------|
| rgb(41,59,76) | rgb(41,59,76) | rgb(224,114,125) | rgb(41,59,76) |
